**Subject:** RE: DRAFT For Quick Review and Confirmation - RE: 68HERC22R0080 (BASE) Has Been Released

Thank you and we will proceed with award release from our end. The PWS is 7 pages and seems to be locked at 8 for some reason so we will go with it as a typo/phantom word/pdf restriction.

Thank you,  
Andie

Good Afternoon Ms. Dehne,

NAS has reviewed and confirms acceptance of the task order. The one question we had is whether the award was 7 pages. The footer indicates 8 so could you confirm that is a typo.

Thanks,

Jim

**Subject:** DRAFT For Quick Review and Confirmation - RE: 68HERC22R0080 (BASE) Has Been Released

Quick follow-up. Please find a DRAFT copy of the award attached. The SF for initial award does not provide for a formal bilateral signature so sending it prior for quick review and confirmation. We will record this email as supporting documentation for the anticipated award.

See highlighted note-On 5.12.2022 NAS Contact Jim Burke confirmed a final agreed cost/price of \$305,428.43 and this TO has been fully funded with award.

Please do not take any action on the attached DRAFT docs. Nothing is binding until you receive the final released order award, with an anticipated Period of Performance of 05/18/2022 to 05/17/2024

Thank you,  
Andie

Good Morning,

Thank you for the confirmation. We will wrap up award prep and should have it over to you next week for bilateral signature and that will confirm/record the proposed and agreed on cost/price revision.

Thank you,

Importance: High

Dear Ms. Dehne,

Russ Walker is out of the office on leave but I can confirm that NAS can accept the reduced amount of \$305,428 for EPA's contribution to the Environmental Public Health Issue Workshops. As this represents a partial contribution to the project, our technical proposal will not change but please let me know if you will require an updated budget for the reduced amount. We appreciate the financial support from EPA for this activity. I look forward to hearing from you.

Jim

Good Morning,

At this time and in full transparency, we have \$305,428.00 cost/price to proceed with this award. Please confirm and if we can't come to agreement then we may have to cancel the SOL/requirement in full.

Thank you,

Andie

Hello Andie,

NAS submits the following comments regarding the proposed changes for the PWS.

1. Task2: Our new vision for EHMI includes the establishment of working groups/affinity groups of committee members (can expand that to include liaisons) on specific topics. These will be deep dives into topics and a way to plan for which topics to address in workshops or other activities.
2. Task 4: They are aligning with our request. Long-term though we have suggested 2 workshops. But, not worth quibbling for the next two years. NAS is ok with this change.
3. Task 5: NAS is ok with this change. We note that the initial coordinating meeting has also been deleted.

Let me know if we have anything to discuss.

Russ

Morning,

Please find our response attached to NAS comments; noting that the work requested has been reshaped to allow for NAS suggestions but also to set a limit for potential meetings. Specifically, Task 5 was deleted and the additional meetings were built into Task 4.

Rather than doing a formal solicitation amendment, we decided to send via an informal email for NAS quick review. Please confirm back and once received we anticipate moving forward with processing the order award.

Thank you,  
Andie

Good Morning Russ,

Most current update we have is that it is still being technically evaluated for award.

Jorge,

Please touch base with the TOCOR and provide any additional updates.

FYI I will be out on leave all next week.

Thank you,  
Andie
